Dear Sir/Madam

I hope I find you well.

My name is Daniel Madzivazhira from Harare, Zimbabwe. I had the pleasure of receiving at your medical facility what I believe was the best medical treatment that I have ever had. I had been bothered for 5 years with migranes and in 2010 I was able to come to your Clinic where my migraine problems were satisfactorily resolved by Dr. Shevell and his team. I will always be eternally grateful for the professional treatment which I received and I have no hesitation in recommending to others

Please convey my regards to Dr. Shevell and his team. I am pleased to say I no longer have migranes thanks to their excellent work

Yours truly

Daniel Madzivazhira
